

Heavy-Duty Cradle Carts

Move and store pipe, channel, bar stock, barrels, or drums with these Heavy-Duty Cradle Carts. A large open design that makes loading and unloading by fork trucks and slings easy. All welded construction. Wheels are mounted in a diamond pattern to allow the truck to tilt when going over thresholds and turn about on its own center. Lightweight Aluminum Cradle Cart fits all small to medium loads and rolls on (4) swivel 3" x 1½" poly casters. The 4,000 pound Steel Cradle Carts rolls on (2) rigid and (2) swivel phenolic casters. The 10,000 pound units roll on 4-way swivel lock cast steel wheels. Powder coat finish standard on steel cart.

MODEL NUMBER	DESCRIPTION	SIZE (W x L x H)	CAPACITY (POUNDS)	CASTER SIZE	NET WT. (LBS.)
DCC-80	STEEL	29" x 29" x 24"	4,000	6" x 2"	96

V-Groove Pipe Mover

Pipe and tubing measuring up to 20 feet long may now be easily moved by one person. The V-Groove design keeps loads at the horizontal center of gravity for maximum stability and safety. Large 16" diameter pneumatic tires will support loads that weigh up to 1,000 pounds. Includes a 37" long handle for added maneuverability. Steel construction. Unit is powder coated blue.

MODEL NUMBER	SIZE (W x L)	CAPACITY (POUNDS)	WHEEL SIZE	HANDLE LENGTH	NET WT. (LBS.)
VGP-100	17" x 30"	1,000	16"	37"	108

Economical Pallet & Container Transporters

Reduce fork truck dependency by transporting pallets and crates to workstations with our Economical Pallet & Container Transporters. Units feature 8" phenolic casters for easier mobility. Choose from four different styles. Adjustable height models can only be adjusted when unloaded. Order optional corner guides for extra stability (2 standard with C-ATH). Steel construction. Powder coat finish.

MODEL NUMBER	SERVICE RANGE	CAPACITY (POUNDS)	CASTER SIZE / STYLE	NET WEIGHT (POUNDS)

Portable Parts Bin

Cut parts picking time in half with these space saving, rotating Parts Bins. Compact enough to fit in small spaces such as corners and ends of aisles. Great for organization of small parts. Ideal for use in commercial and industrial applications. Rugged molded plastic construction with four swivel casters for portability.

MODEL NUMBER	DIAMETER	HEIGHT	CAPACITY (POUNDS)	CASTER SIZE	NET WT. (POUNDS)
PBIN-19	19½"	38½"	220	3" x ¾"	33

Quick Adjust Vises

- Pipe Vice Feature
- Rotates on Base
- Smooth, Fast Operation
- Clockwise to Fasten
- Counter-clockwise to Release
- Precision Slider

Rotate knob one turn counterclockwise and move jaw freely in or out to quickly adjust to your needs.
