

## Steel Self-Dumping Hoppers

These Self-Dumping Steel Hoppers are constructed of all welded steel and can handle capacities up to 6,000 pounds. Variety of sizes available from 1/4 to 6 cubic yards. Each unit features; beveled cross channel for easier fork entry, a formed channel bumper for added strength and protection and a leak proof design. Options: Casters, Lids, Three Way Entry and Crane Lugs - contact factory for details.
