

Polyethylene Fork Blade Protectors

Prevent damage to packages and skids from sharp edges of fork truck forks with our new blunt end Fork Blade Protectors. Hide unsightly scratches and gouges on your forks with blade protectors. Constructed from lightweight 100% polyethylene material. Simply slides over forks. Held in place with steel cable.

MODEL NUMBER	ACCOMMODATES FORK WIDTH	PROTECTOR WIDTH	LENGTH	MAXIMUM FORK THICKNESS	NET WT./PAIR (POUNDS)
VFP-42	4"	4½"	42"	2"	6
VFP-48	4"	4½"	48"	2"	6

Round or Triangular Fork Extensions

Ideal for moving around large rolls of material. Available in round or triangular style. To install insert loop at the tip of the fork and slide it up at a 45° angle. Then lay it down over the fork. OSHA regulations require that extensions do not exceed the length of the fork by more than 150%.
