

### Linear Actuated Elevating Cart

Transport materials from workstation to workstation with ease. Platform is raised and lowered with an electric linear actuator for precise positioning. Linear actuator will not allow platform to drift down - a common problem with hydraulic carts. This linear actuated cart is powered with a 12 volt DC battery and features an on-board charger. Hand held pendant control connects to power unit with a 6 foot coil cord. Emergency stop button standard on hand control. Includes two rigid and two swivel casters.

MODEL NUMBER	PLATFORM SIZE (W x L)	CAPACITY (POUNDS)	LOWERED HEIGHT	RAISED HEIGHT	NET WT. (POUNDS)
CART-500-LA	19½" x 32"	500	14"	35"	330

Cart Sold Separately. See Page 60

### Conveyor with Retractable End Stops

Provide smooth and easy flow from cart to workstation. Attaches to any scissor table, cart or work bench with a deck length of 32". Allows you to position objects easily. Features retractable end stops so items won't slide off during transit. Ideal for use at feed tables for sheet metal working machines, press brakes, and machine centers. Adds 3¾" to lowered and raised height of cart.

Retractable End Stop

MODEL NUMBER	PLATFORM SIZE (W x L x H)	CAPACITY (POUNDS)	ROLLER SPACING	NET WT. (POUNDS)
CONV-1832	18" x 32" x 3¾"	800	3" CENTERS	63

Shown with a Hydraulic Scissor Cart (Cart Sold Separately)

### Ball Transfer Platforms

Units simply bolt on to any platform. Chrome ball transfers are on 4" centers with a square pattern while the powder coated units are on 3" centers. All units have 12 gauge chrome base. Attach to Hydraulic and Mechanical Post Tables and Lift Tables. Optional 18"W x 2"H retractable stops available.

MODEL NUMBER	OVERALL SIZE (W x L)	CAPACITY PER BALL (POUND)	FINISH	NET WT. (POUNDS)
BALL-1830	18" x 30"	75	CHROME	30/UPS
BALL-2036	20" x 36"	75	CHROME	50/UPS
BALL-2448	24" x 48"	75	POWDER COAT BLUE	110/UPS
BALL-4048	40" x 48"	75	POWDER COAT BLUE	150
BALL-3060	30" x 60"	75	POWDER COAT BLUE	160

RETRACTABLE STOPS AT EACH END, MODEL BALL-RS, (FACTORY INSTALLED)

### "Pop-Up" Ball Transfer Platforms

Minimize lifting and pushing with multi-directional Ball Transfer Platforms. An economical way to change direction for free movement of boxes, dies, and parts. A ball retraction handle is conveniently located on the side of the platform. Mount to our scissor carts or post tables. Rigid and retractable stops are available - contact factory.

MODEL NUMBER	OVERALL SIZE (W x L)	BALL SPACING (W x L)	CAPACITY (POUNDS)	NET WT. (POUNDS)
POPUP-1932	19" x 32"	4½" x 5¼"	250	70
POPUP-4048	40" x 48"	4½" x 5¼"	250	180

Cart Sold Separately. See Page 60

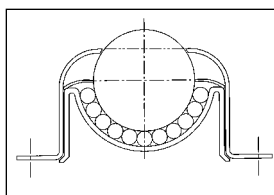

### Ball Transfer Strips & Single Ball Transfers

Single strips of ball transfers are easy to install and simple to use. To install, simply line it up on your cart, table, or workstation and bolt on at each end. Standard finish is chrome.

The Single Ball Transfers feature a hardened cup, protective debris shield and include lag-down tabs.
