

Control4's Navigator allows you to interact with your Control4® system. Control your lights, temperature, movies and music from any of our intuitive interfaces.

You can interact with Control4® Navigators in a variety of ways:

- **On Screen** – Using your Control4® System Remote Control, enjoy total home control from any television in your home.
- **Touch Screen** – Control4 offers a variety of Touch Screens that give you total home control from convenient locations throughout your home.
- **Mobile** – Using the My House application from the Apple App Store, you can enjoy total home control from your iPhone or iPod Touch
- **System Remote Control** – The System Remote Control SR-250 has a convenient OLED backlit display that converts the Control4® Navigator into a text format.
- **Keypads** – Unlock the power of customizable, preset, one-touch control functionality with our elegant Keypads.

It is all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features & Benefits

- **Intelligent Design** – Enjoy intuitive home control with any of our easy-to-use interfaces.
- **Incredible Value** – Get the elegance of high-quality, total home control at an affordable price.
- **Modular Solution** – Expand your system to include in-wall, portable, tabletop or mobile user interfaces to create the perfect control experience.
- **Retrofittable** – Choose a wired or wireless user-interface solution that fits your needs, whether you have a new or existing home.
- **Remote Management** – Enjoy total home control from anywhere in the world with an Internet connection and an optional connection to 4Sight.*

*Remote Access Requires Subscription to 4Sight

Touch Screens

Control4® Portable Touch Screen (7", 10.5")

Control4® Portable Touch Screens are the most flexible way to enjoy total home control. Browse your music and videos anywhere from your porch to your couch.

Control4® In-Wall Touch Screen (3.8", 7", 10.5")

Control4® In-Wall Touch Screens are a stylish way to add total-home control that's always there when you need it. These Ethernet/WiFi Touch Screens are ideal for areas of your home, such as the kitchen or living room, where convenient system monitoring and control are important.

Control4® Table Top Touch Screen (3.8", 7")

Control4® Table Top Touch Screens provide the convenience of total home control when in-wall installation isn't practical. These Ethernet/WiFi Touch Screens are ideal for counters, nightstands and tables.

Control4® Mobile Navigator

The Control4® Mobile Navigator allows you to experience the convenience of using your iPhone or iPod Touch to control your home with the same, familiar Control4 navigation.

One-Touch Home Theater

Simplify the control of everyday audio, video, and home theater components, eliminating the need for multiple remotes.

Multi-Room Music

Enjoy digital music collections—like XM or Sirius, Rhapsody, or your personal iPod library—anywhere in your home.

Smart Lighting

Create Lighting Scenes that offer simple control over lights and outlets. Control4 smart lighting uses timers, Motion Sensors, and Dimmers to enhance security and reduce energy costs.

Advanced Temperature Control

Help conserve energy and ensure comfort with pre-programmed temperature controls.

Safety & Security

Integrate a security system or IP cameras to monitor home security from virtually anywhere.
