

SystemOne™

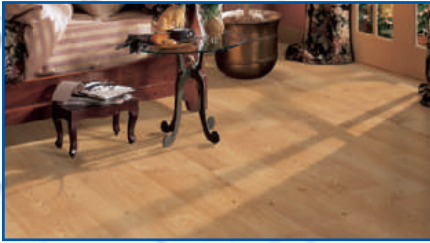

ULTIMATE PEACE OF MIND...

- ARDEX Substrate Preparation Products
- ARDEX Tile & Stone Products
- HENRY Adhesives

The Most Comprehensive Flooring Installation Solution

ARDEX Engineered Cements and The W.W. Henry Company, industry leading manufacturers of high performance flooring installation products, have combined to offer the SystemOne™ Total Solution, the most complete flooring installation solution available in the industry. Architects, specifiers and contractors have ranked flooring installations as one of the most challenging aspects of any building project. SystemOne Installation Solutions provide the ultimate peace of mind through the use of trusted and field-proven ARDEX high-performance substrate preparation products, HENRY® premium flooring adhesives and ARDEX high-quality tile & stone installation products.

When utilizing a complete system of ARDEX and HENRY high-performance installation products, combined with ARDEX Proper Prep™ installation guidelines, you can rest assured that your flooring installations will be right the first time...every time!

Industry Best Warranty

We're so confident, we back SystemOne Installations with the industry's best and most comprehensive "full replacement" warranties. From the flooring, to the installation products and even the labor, we leave nothing to chance. A SystemOne Warranty minimizes your risk and provides you the ultimate peace of mind.

Unmatched Support

SystemOne installations not only include best in class products and industry best warranties, they also have the complete support of the ARDEX / HENRY Architectural Team, more than 80 Field Sales Professionals and our highly-experienced Technical Services Team. The ARDEX / HENRY support teams provide a guaranteed 24 hour response, as well as on-site support throughout the entire installation process (before, during and after project completion).

ARDEX also provides specialized training for flooring installation contractors that certifies them as a SystemOne™ Installation Professional. The result is a network of highly skilled flooring installation professionals located throughout North America.

The SystemOne Solution...*ultimate peace of mind & your best choice for installation success!*
