

## **ARDEX CD Fine**

Use to restore existing concrete surfaces, including sidewalks, patios, plazas, courtyards, walkways, driveways, parking garages, pool decks, and most vertical concrete surfaces.

### **Product Capabilities:**

Portland cement-based modified with high-performance polymers for high bond strength. Use ARDEX CD FINE over the surface of existing concrete to produce a new wear layer, as well as to fill in small surface defects such as spalls, gouges, and cracks.

When mixed with water, the result is a creamy, smooth, slurry consistency that can be applied by trowel, squeegee, or hopper gun. Once applied, ARDEX CD FINE can be broom textured before it sets, for a reduced-slip surface.

### **Benefits:**

- Portland cement-based concrete surface treatment
- Resurface worn and spalled concrete surfaces to provide a “new concrete” finish
- Easy to apply and hardens quickly
- Freeze-thaw resistant
- Suitable for foot and rubber tire traffic
- Suitable for commercial and residential applications
- Use for interior and exterior floors and walls
