MODEL 322 Control Panel

Three phase, duplex alternating pump control with override.

The Model 322 control panel is designed to alternately control two three phase pumps in industrial and commercial water and sewage systems. The alternating action equalizes pump wear. In addition to the alternating pump control, this system provides override control should either pump fail. If an alarm condition occurs, the alarm switch activates the audio/visual alarm system. Common applications include lift stations, pump chambers, and irrigation systems.

PANEL COMPONENTS

- Enclosure measures 14 x 12 x 6 inches (35.56 x 30.48 x 15.24 cm)
 NEMA 4X (ultraviolet stabilized thermoplastic with removable mounting
 feet for outdoor or indoor use).
- 2. IEC Motor Contactors control pumps by switching electrical lines.
- Multi-Tap Transformer (208/240/480 VAC primary) provides 120V control voltage.
- Motor Protective Switches provide adjustable overload, branch circuit protection and pump disconnect.
- Alternating Circuit Board provides pump control and alternation (U.S. Patent # 5,909,532).
- 6. Green Pump Run Indicator Lights (mounted on circuit board).
- 7. Alarm/Control Fuse (mounted on circuit board).
- 8. Float Status Indicator Lights (mounted on circuit board).
- 9. Float Switch Terminal Block (mounted on circuit board).
- 10. Input Power Terminal Block
- 11. Ground Lugs
- 12. HOA Switches for manual pump control (mounted on circuit board).
- 13. Control ON/OFF Switch (mounted on circuit board).

NOTE: Schematic/Wiring Diagram is located inside the panel on enclosure cover.

STANDARD ALARM PACKAGE

- 14. Red Alarm Beacon provides 360° visual check of alarm condition.
- **15. Alarm Horn** provides audio warning of alarm condition (83 to 85 decibel rating).
- 16. Exterior Alarm Test/Normal/Silence Switch allows horn and light to be tested and horn to be silenced in an alarm condition. Alarm automatically resets once alarm condition is cleared.
- 17. Horn Silence Relay (mounted on circuit board).

NOTE: other options available.

Model Shown 3221W511X

FEATURES

- Entire control system (panel and switches) is UL Listed to meet and/ or exceed industry safety standards
- Dual safety certification for the United States and Canada
- Standard package includes three 20' Sensor Float® control switches
- Complete with step-by-step installation instructions
 - rranty L
