

Motorized Art System Featuring A Sound Bar Compartment

View artwork and frame selections at www.vutec.com

The SoundScape 360 is Vutec's second-generation ArtScreen designed to incorporate a surround sound speaker technology or a center channel speaker.

Integrated into the ArtScreen housing, SoundScape 360 features a compartment incorporating surround sound or center channel speakers either above or below the display.

SoundScape 360 is available for Plasma or LCD displays from 32 inches and up.

Custom sizes can also be accommodated.
