

BOARDROOM GROUP

BRG-12D

The BRG-12D is a double bay credenza. Each bay comes standard with 12 space rack rail. There are six inch by three inch grommets located in the bottom of each bay for cable passage. The rear of each bay is vented. All boardroom group furniture is constructed of 3/4" black oak melamine with simulated aluminum panel inserts. Choose either a solid or perforated locking front door.

- options**

 - Choice of either a solid, locking front door or a perforated locking front door
 - Shelving to be used in place of rack rail
 - Cooling fans to fit within rear vents

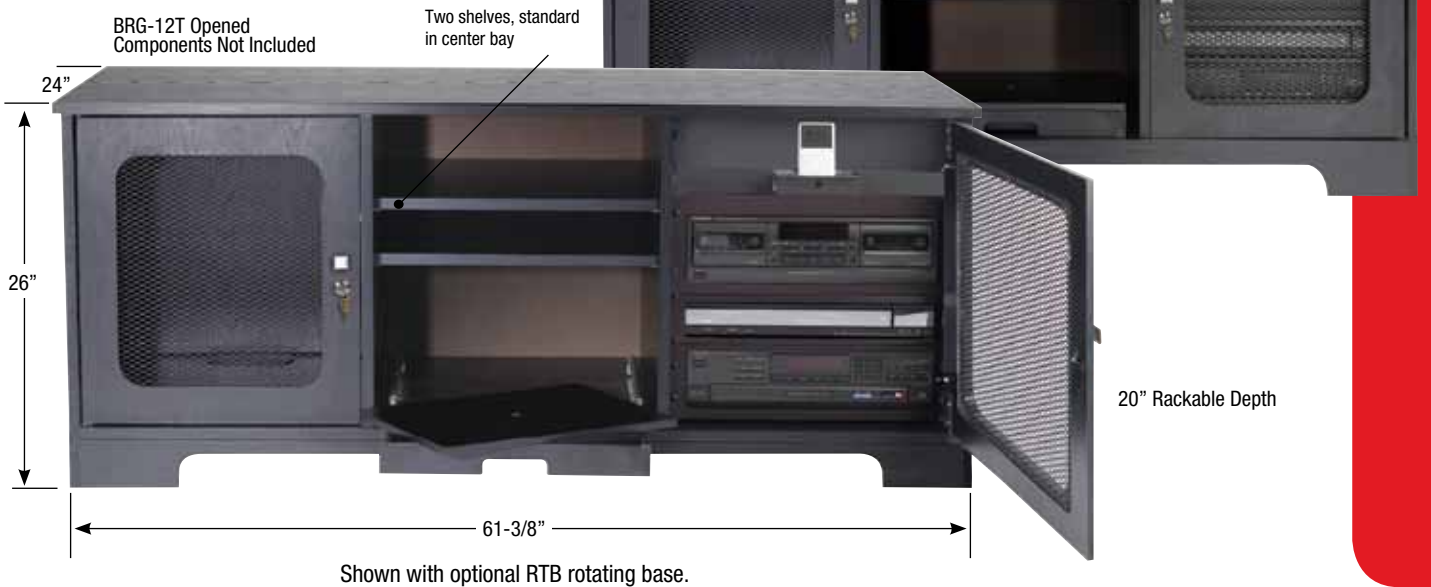

BRG-12D Rear View

BRG-12D Rear View, shown with optional shelves.

BRG-12T

The BRG-12T is a triple bay credenza. The outside bays are fitted with 12 space rack rail, the center bay houses two adjustable shelves. All bays are rear vented, come standard with rear doors and bottom grommets for cable passage. Choose either a solid or perforated locking front doors.

ST-ROTR roto rack system

Employing the same heavy duty base and sliders as our ROTR, the ST-ROTR will handle loads up to 275 pounds of non-rack mount equipment. Construction is of 14 and 16 gauge cold, rolled steel, including the adjustable, vented shelves. Shelves include moveable brackets to secure components in place and eliminate sliding. Brushed aluminum bar stock dresses the leading edge of each shelf. The rack extends a full twenty inches from its frame and is then capable of rotating 90 degrees in either direction, allowing unobstructed access to components regardless of their depth. The system locks in the closed position with security panel and screws provided. Easy and effective cable management system.

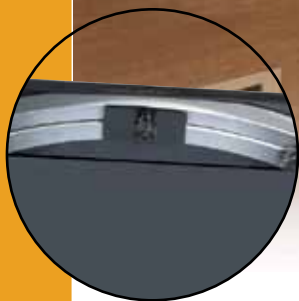

Integral cable management

ST-ROTR

features

- Heavy duty steel construction
- 275 pound capacity
- Available with up to six adjustable shelves
- Rotating base with positive stops at zero and 90 degrees in either direction
- Integral wire management
- Ventilated shelves with brushed aluminum leading edge

Model	Height	Overall Width	Usable Depth	Total Shelves	Weight Capacity
ST-ROTR-30	29"	19-1/4"	19"	4/3	275 lbs.
ST-ROTR-36	35"	19-1/4"	19"	5/4	275 lbs.
ST-ROTR-42	41"	19-1/4"	19"	6/5	275 lbs.
W-ROTR-30	29-1/2"	19-1/4"	19"	4/3	275 lbs.
W-ROTR-36	35-1/2"	19-1/4"	19"	5/4	275 lbs.
W-ROTR-42	41-1/2"	19-1/4"	19"	6/5	275 lbs.

Rotation-lock stops at center, 90 degrees left and 90 degrees right.

W-ROTR roto rack system

The W-ROTR rotating rack is a system designed for installing non-rackmountable audio and video equipment in cabinetry or behind walls. Our innovative pull out/rotating system makes wire connections an easy task. Available in a variety of sizes with up to 6 adjustable shelves, the W-ROTR ships knocked down. The W-ROTR has integral wire management points and includes cable ties.

features

- 200 pound weight capacity
- Adjustable melamine shelves
- Three sizes accommodate up to six shelves
