# V-GROOVE CORRUGATED RUNNERS™

INDUSTRIAL & COMMERCIAL RUNNERS

- **Sales Tip:** Recommend rubber version (#750) for applications that require a little more traction. Can be used as a liner for maintenance and tool carts.
- **Where to Specify:** Applications where safety and slip protection is needed with minimal anti-fatigue value such as aisle ways, warehouses, vending areas. Low profile matting allows for easy on/off cart traffic.

- Corrugated rib-tooth design improves traction, creates a barrier to cold flooring substrates, and creates a silencing effect over noisy tile
- Overall thickness is 1/8 inch
- The #730 V-Groove Corrugated utilizes a vinyl compound
- The #750 V-Groove Corrugated utilizes a rubber compound
- Made from 100% recycled materials
