

# Meter Connection Products: Loops, Bends and Manifolds

Georg Fischer Central Plastics offers the same quality and attention to manufacturing detail for our meter loops, bends, and manifolds as we do for our completely assembled meter sets. GF Central offers a complete line of meter bends allowing the flexibility of replacement. Sizes range from 1/2"-2" in threaded 90°, flanged 90°, 90° double loop, and 180° loops.

90° Bends

180° Loop

Double 90° Loop

90° Bends
