

VA-100P-5

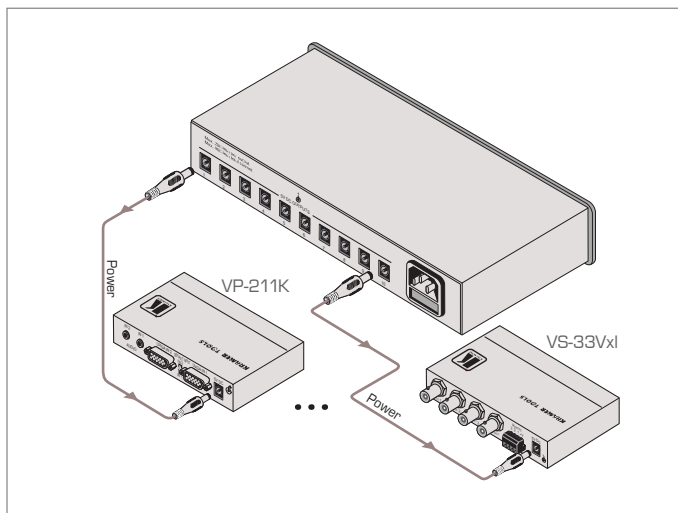

10-Port Universal 5-Volt Power Supply

The **VA-100P-5** is an efficient 10-outlet universal switching power supply that can supply 5V DC at up to 8A. It is designed to power up to 10 Kramer products that use an external 5V DC power transformer.

FEATURES

- **Max Power Output** - 8 amps: 2000mA per output (for up to 4 outputs) or 800mA per output (for up to 10 outputs).
- **Space Saving** - Replaces up to 10 individual power supplies for 5V DC Kramer TOOLS™, Kramer Pico TOOLS™, and Kramer Desktop models.
- **Worldwide Power Supply** - 100-240V AC.
- **Desktop Size** - Compact size. 2 units can be rack mounted side-by-side in a 1U rack space with the optional RK-1 adapter.

TECHNICAL SPECIFICATIONS

- INPUT POWER SOURCE:** 230V AC, 50/60Hz, (115V AC, USA) 60VA.
- OUTPUTS:** 10 x 5V DC outputs, to up to 8A (up to 800mA to each of the 10 outputs simultaneously) or a maximum of 2A per output (up to 4 outputs at the same time).
- DIMENSIONS:** 21.46cm x 16.25cm x 4.36cm (8.44" x 6.4" x 1.7") W, D, H (half 19", 1U).
- WEIGHT:** 1.2kg (2.6lbs) approx.
- ACCESSORIES:** Power cord, 10 DC to DC cables, 95cm (37.4") per cable.
- OPTIONS:** RK-1 19" rack kit.
