SWR971 Rear Control Washer

SWR973 Rear Control Washer - Gravity Drain

Commercial Built to Last Longer

Heavy-Duty Commercial Coin Slide-Operated

Today, multi-housing owners and managers are constantly confronted with issues such as energy conservation, equipment breakdowns and vandalism. That's why when it comes to coin-operated washers and dryers, Speed Queen takes the lead with water and energy efficient designs and quality internal components. Our high security features also offer owners peace of mind.

Speed Queen's coin-operated washer increases process speed and lowers utility costs, benefiting building management. Residents will have the increased flexibility of independent selections of hot, warm and cold wash temperatures and three fabric options.

Your authorized Speed Queen route operator can design a laundry solution to meet the needs of your property.

Ultra, High-Efficient Wash System

- ENERGY STAR® qualified.
- U.S. Department of Energy compliant to 2007 commercial washer standards for energy and water savings.
- High speed extract of 1,000 RPM exerts 305 G-Force to maximize moisture removal from clothes.

Horizon® Quality Features

- Frontmount supply dispenser automatically dispenses cleaning solutions.

- See-through door convenience with 180° swing for easy loading and unloading. The hinge is a robust 10" steel piano style to maintain door alignment.
- The "Big Load Door" opening of 188.6 square inches is 132% larger than the previous model.

- Safe door lock release at cycle completion.
- Heavy-duty 3/4 HP drive motor.
- The stainless steel washtub has 4,912 perforated holes with three full-length baffles to maximize mechanical wash action for cleaner clothes.

- Long-lasting all-steel drive components.
- Freestanding design features four large automotive size shocks so the washer can be installed on most floor types or levels.

Washer Specifications

	SWR971, SWR973
Basket Volume - cu. ft. (liters)	2.84 (80)
Width - in (mm)	26 7/8" (683)
Depth - in (mm)	28" (711)
Height* - in (mm)	43" (1092)
Work Surface Height - in (mm)	36" (910)
Weight - lb (kg)	240 (109)
Shipping Weight - lb (kg)	260 (118)
Cycle Time	27 minutes
Motor HP	Variable Speed Induction, 3/4 HP
Water Consumption - gal. per cycle	14.8
Water Factor - gal. per cu. ft.	5.2
Modified Energy Factor	2.16
Hot Water Usage - gal. per cycle	1.59
Water Pressure - psi (bar)	20 to 120 (1.4/8.3)
Spin Speed - RPM	500, 650, 1000
Cycle/Temperature	Normal Hot Permanent Press Warm Delicate Cold
Electrical Specifications	120/60/1-15 amp
Agency Approval	UL
Activation	Coin-Op
Top Finish	Porcelain
Colors	White

* Heights may vary slightly depending on leveling adjustments.

Motor: 3/4 HP reversing, permanently lubricated. Electrical Requirements: Grounded 3-wire, 120V, 60 Hz AC, 15 amp circuit separately fused.

At Speed Queen, we're so confident that our heavy-duty commercial washers and dryers are Commercial Built to Last Longer, that we're offering the following limited warranty to prove it: Through three years† — Any part of the washer, dryer or stack dryer. Through five years† — The washer transmission assembly, base and cabinet assembly including top, lid and door, against rust from inside out. Lifetime† — The stainless steel washtub.

† Parts only. Labor not included. See Speed Queen Warranty Bond for specifics.

Due to continuous product improvements, design and specifications subject to change without notice. The quality management systems at Alliance Laundry Systems manufacturing facilities are registered as ISO 9001:2000 compliant.
