- Supports ARC (Audio Return Channel)

- Displays the video output of two computers on a single monitor or projector
- Automatic incoming signal selection (Auto)
- Supports VGA, SVGA, XGA, SXGA, UXGA and multisync monitors
- Long distance transmission – up to 215ft
- Compact design with convenient topside connection, lays flat on a desktop or mounts on a wall
- Quick and easy switching via slide switch
- Superior video quality – up to 1920x1440; DDC; DDC2; DDC2B

- DDC; DDC2; DDC2B Supports, VGA, SVGA, XGA and Multisync Monitors or equivalent multimedia projector
- Easy Installation
- No Software Required
- No Configuration Necessary
- Computer Selection via Pushbutton Switch
- Superior video quality - up to 1920x1440; DDC; DDC2; DDC2B

Switchers

VS881

8-Port VGA Switch with IR Remote

- Amplifies video signals increasing transmission distance
- Fast and convenient computer selection via push buttons or infrared remote control
- Full-featured wireless remote control snaps into base when not in use
- Hot plug capability, hot swappable, plug-n-play
- Extra-thin infrared handset allows easy storage in the unit
- Electronic switching for greater reliability and durability
- Displays the output of eight computers on a single monitor
- Superior video quality - up to 2048x1536; DDC; DDC2; DDC2B

VS0801

8-Port VGA / Audio Switch with IR Remote

- Displays the video output of eight computers on a single monitor or projector
- Supports VGA, SVGA, XGA, SXGA, UXGA, WUXGA and multisync monitors
- All-metal casing provides durability and protection
- Rack Mountable
- Quick and easy switching between VGA / Audio sources via front panel pushbuttons, RS-232 or IR remote control
- Superior video quality – up to 2048x1536@60Hz; DDC; DDC2; DDC2B
- Audio-enabled
- Built-in bi-directional RS-232 serial port for high-end system control

VS1601

16-Port VGA / Audio Switch with IR Remote

- Displays the video output of sixteen separate computers on a single monitor or projector
- Supports up to 250MHz bandwidth
- High resolution video up to 1920x1440 @60Hz; DDC; DDC2; DDC2B
- Supports VGA, SVGA, XVGA and MultiSync monitors
- Stereo audio support
- External IR receiver (5.9ft) for maximum efficiency and convenience
- Fast and convenient computer selection via push buttons or infrared (IR) remote control
- Maintains high video resolution over long distances

VS261 / VS461

2/4-Port DVI and Audio Switch

VS231 / VS431

2/4-Port Component Video / Audio HDTV Switch

- Displays the video output of two digital devices (e.g. DVD player, computer) on a single DVI display device
- Fully compliant with DVI-Digital and DVI-Analog
- Audio-enabled
- Quick and easy switching via front panel pushbuttons or IR remote control
- Superior video quality - up to 1920x1200
- DDC, DDC2, DDC2B compatible
- Stackable design
- Supports PCs and Macs

- Displays the videos outputs of two digital devices on a single High Definition TV, Monitor or projector
- Stereo audio support
- Complete home theater switching solution
- Quick and easy switching via front panel push button or IR remote controller
- Seamless electronic switching for greater reliability and durability
