AlertWave

VNS2084 - Public Address Horn Speaker

**The VNS2084 Public Address Horn Speaker** is designed to provide intelligible voice paging and tone signaling for indoor and outdoor bell and public address system applications.

The VNS2084 is controlled by the **VNS2200** wireless audio/visual controller. This makes it an ideal solution for applications where a hard-wired speaker is impractical, or when a simple, reliable and cost-effective alternative solution is required when being compared to traditional wired PA systems.

The VNS2084 includes a mounting bracket.

Key Features:

- **Weatherproof Design for Indoor and Outdoor Installations**

- **Up to 30W Continuous Power**

- **Lightweight, Sealed, Aluminum Enclosure**

- **Double Re-Entrant Horn with Compression Driver**

- **Swivel-Mount Bracket**

- **Speaker Cable can Extend Up to 150' from Controller**

Options, Accessories and Complementary Products:
