

SANUS Component Series Racks

Create the perfect AV rack for your unique installation

Designed with high performance and structural integrity in mind, our sturdy Component Series AV racks feature heavy-gauge welded steel construction, swivel casters for easy mobility and height-adjustable feet for perfect leveling and stabilization. Components stay cool with a unique convection cooling system, and quick-release and back panels allow easy access to all AV gear. The racks come pre-assembled with shelves and blanking panels for the ultimate in convenience.
