

# PLUS SERIES

## ARM AND ARMLESS CHAIRS

**Plus Chairs** are made with premium foam that is supportive yet soft. Chairs are offered in arm and armless versions and are available with power access. With a wide variety of fabrics and leathers, you can create the ideal look for your space.

**Plus Arm Chair  
SPG910-**

**Plus Armless Chair  
SPA900-**

### FEATURES

- Plus Chairs are available with or without arms.
- Cushions are contoured to fit the curve of the body and are designed for firmness, support, and comfort.
- The soft curves and distinct lines provide a unique, simple, and contemporary look for any cafe, lounge, office, library, or waiting area.
- Both arm and armless chairs are available with power on either the right or left. Power Modules consist of one (1) standard 120 V AC power outlet and one (1) USB charging port that features Detect-Supply-Charge Technology™ (DSC™), which delivers a full-rate charge to any type of mobile device that supports USB technology.
- Foam cushioning is engineered from polyurethane laminated panels and adhered to the base which is constructed using plywood sections and panels for a strong and supportive frame. Engineered sheet webbing is stretched across the seat portion of the frame for flexible support.
- Metal leg frames are cast aluminum and have been bead-blasted with a clear lacquered finish.
- Select from a wide variety of fabrics and leathers to create the ideal look for your space.
- All Bretford standard soft seating meets California TB117. Contact Customer Service for more information on California TB133. The customer will have to purchase one of any item being ordered to be subjected to the burn certification test, plus a fee for the test.
