

Tripod included

LED Followspot 75ST

LED Followspot 75ST sheds the spotlight precisely where it needs to be with a focus hard-edge beam and smooth LED dimming. Equipped with a 75-watt LED, it features a single gobo slot to project crisp patterns and can also perform electronic strobe effects. It is easy to set up, operate and tear down, and comes with a free tripod. It's the perfect choice as an entry-level followspot for stages, school functions and events where the focus needs to be on a speaker or guest of honor.

- DMX Channels: 3
- Light Source: 1 LED (white) 75 W (18 A), 50,000 hours
- Weight: 13.3 lb (6 kg)
- Size: 22 x 10.8 x 11.5 in (560 x 276 x 292 mm)

Gels

LFS-75DMX

LFS-75DMX is a powerful framing spot fitted with a 75-watt LED to project crisp patterns and custom messages onto any surface. Built-in DMX control and dimming capabilities allow the light to be used exactly when your show dictates, while an integrated color wheel adds another dimension to your projections. Framing shutters block light out of unwanted areas and a unique gobo slot accepts standard, or customized, round or square-shaped gobos.

- DMX Channels: 4
- Light Source: 1 LED (white) 75 W (16.9 A), 50,000 hours
- Weight: 8 lb (3.7 kg)
- Size: 15.1 x 11.1 x 13.6 in (385 x 283 x 345 mm)

Gobos

LFS-5

LFS-5 is a compact framing spot powered by a 23-watt LED. A 16- to 24-degree zoom and internal framing shutters easily size and precisely direct the beam, shielding surfaces from light where it is not wanted. A single gobo slot houses one of four included gobos, or a custom-made version. Nearly any color can be achieved with the removable gel frame.

- Light Source: 1 LED (white) 23 W (15.3 A), LED 50,000 hours
- Weight: 3.2 lb (1.5 kg)
- Size: 12.7 x 8 x 9 in (325 x 205 x 229 mm)
