

CEILING SYSTEMS

Between us, ideas become reality™

TECHZONE™

Ceiling System Partners
Integrated Fit & Finish

- Lighting
- Chilled Beams
- Diffusers
- Sprinklers

Specify with confidence.

We've teamed with industry

leaders in lighting, air diffusers, fire

protection, and chilled beams to assure fit and

finish with our TechZone ceilings. Look for

Armstrong "TechZone-compatible" on partner

websites and literature.

Chilled Beam Options — Chilled beams are an energy-efficient way to cool spaces using piped chilled water. TechZone-compatible chilled beam fixtures are narrower than standard chilled beams, and can be neatly integrated into our 12" wide technical panel for a more pleasing visual.

 Now available for Optima®, Ultima®, and MetalWorks™ TechZone ceiling systems.

TROX® TECHNIK

Diffuser Options — Sleek linear diffusers for air supply and return are available in both 4" and 6" wide options.

 Price fixtures are now available in colors to coordinate with our WoodWorks® and MetalWorks systems.

The Leader in Air Management

Lighting System Options – In addition to our already impressive list of TechZone™ Lighting Fixture Partners, we've added more partners and lighting options.

- Lighting fixtures are now available in various colors to coordinate with our WoodWorks® and MetalWorks™ TechZone
- Recessed light fixtures for 4" Technical Zones
- Continuous recessed linear light fixtures for 6" Technical Zones
- Sustainable technical integration with recessed LED fixtures (Lunera Lighting) and *Cradle to Cradle™ Certified Silver* fixtures* (Litecontrol)
