Dials

Dual scale and custom dials available on most products. Please contact Customer Service at +1 215-293-4100. Minimum order quantities may apply.

Oxygen Cleaning

Most gauges can be oxygen cleaned per ASME B40.100 Level IV. Please contact Customer Service at +1 215-293-4100 to determine if the model you are purchasing can be oxygen cleaned and pricing for the cleaning (diaphragm-actuated gauges, Models 1929, 733, 734, cannot be cleaned for oxygen service). Please note "To Be Cleaned for Oxygen Service" on your order.

CALIBRATION CERTIFICATES

Certificates of Compliance are provided with shipments at no charge. Please note "Certificate of Compliance Needed" when ordering.

NIST Certification

NIST traceable certification is available for all gauges. The calibration procedure meets the requirement for ISO-10012 and ANSI Z540-1. All data provided are based on test instruments that conform to equivalent measuring standards that have been calibrated and are traceable to the National Institute of Standards and Technology. Please contact Customer Service for pricing.
