BIG-QUAD - Bigfoot Quad Package

Includes BIG2-XU4 and choice of four wireless handheld mics and/or headband and lapel mics with belt packs*

*Both the headband and lapel mic elements are included with belt pack(s) choice in packages.

“We were looking for a system that was easy to use, easy to transport, and loud enough for our multiple practice areas. We found that with the Bigfoot sound system. We play music every day for practice, and the simplicity of the Bigfoot has reduced the time and complexity of our set-up significantly. The sound quality is excellent, the simplicity is awesome, and best of all the coaches are happy! It’s the best new addition to our practice set-up.”

– Jordan Strickler, University of Texas at Austin

BEACON 2

PORTABLE SOUND SYSTEM

TECH SPECS

- 120 dB of clear sound
- 200W AC/DC RMS

“Our Anchor Audio System has changed how we communicate at Camp Gordyland. We used to be handcuffed into setting up a large speaker system with wires that needed an outlet in order for us to have audio. We have since used the system on our distant grass fields, beach and inside in our gymnasium with great ease!”

– Aaron Britton, Camp Director, Wilton Family Y

LIBERTY 2

PORTABLE SOUND SYSTEM

Product Measurements

Product HWD: 23" x 14" x 11.5"

“The AN-Mini sound system saved my voice. As a teacher and coach, I often have to raise my voice above students working in groups or cheerleaders chanting and cheering. The sound system amplified my voice loud enough that students and cheerleaders could hear me right away and were able to get my directions loud and clear.”

– Portola Middle School, Los Angeles, CA

AN-1000X+
