

PowerSync+ Cart™ 20 for iPad and iPad mini

 **App Enabled** (where available)

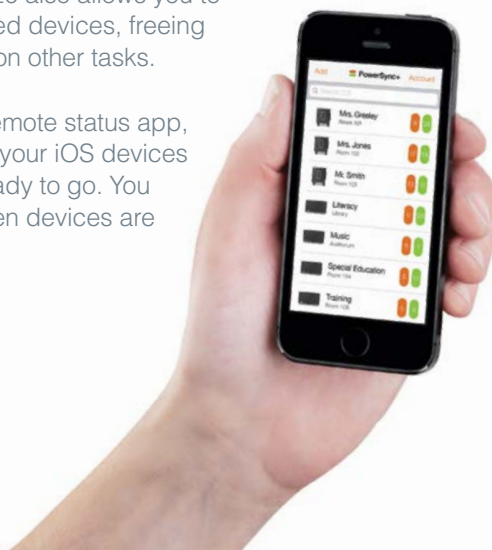

The first charge and sync cart to go beyond the device with integrated accessory storage for the 21st century classroom.

The Bretford® PowerSync+ Cart™ 20 combines charge and sync for up to 20 iPad devices with secure storage for corresponding accessories. Now everything you need to meet the technology demands of your curriculum can be accommodated in a single cart.

The PowerSync+ Cart™ 20 also allows you to remotely check connected devices, freeing up time for you to focus on other tasks.

With the PowerSync+™ remote status app, you'll always know once your iOS devices are fully charged and ready to go. You can even be notified when devices are removed after hours.

ACCESSORY STORAGE

Securely store headphones, keyboards and more; all within the same compact footprint.

REMOTE STATUS

The PowerSync+™ app for iPhone can notify you when devices are fully charged.

FULL-TIME, FULL-RATE CHARGE

Provides full-rate charging, up to 2.4 A, even while connected to your Mac.

NEXT GENERATION SECURITY

Beyond the all steel construction, the PowerSync+ Cart™ 20 can alert you when devices are disconnected.

READY TO GO

With pre-installed Lightning cables, simply plug in the cart and it's ready to go, right out of the box.

APPLE CONFIGURATOR INTEGRATION

Apple Configurator now displays the port numbers of your PowerSync+ Cart™ 20 making it easier than ever to know which devices are ready to use.

Example #1: Get ready for Common Core testing with keyboards and headphones.

Example #2: Store microscopes, sensors and probes to create a mobile science lab.

Example #3: Transform your cart into a music creation station, with MIDI keyboards, interfaces, and adapters.

Example #4: Keep microphones, tripods and other accessories on hand for moviemaking, podcasting, and other digital media projects.
