

CNrG™ TAILGATE

THE WHEELS ARE ALWAYS TURNING

A DOVER COMPANY

12" LOWER OVERALL
HEIGHT THAN TOP OF
BODY MOUNT

AVAILABLE ON
ASL AND AFL
OEM INSTALLATION

INTEGRATED
TAILGATE
DESIGN

FEATURES AND BENEFITS

Increased efficiency and productivity

CNrg™ CNG

1

The DPF CNrg™ allows the customer to select up to 90 DGE capacity without the use of frame mounted tanks.

BENEFIT

Allows for the entire CNG system to be installed in the tailgate, reducing costly split system designs.

WHY IT MATTERS TO YOU

- Can use commercial fill stations for a faster fill
- More time on route

LOWER OVERALL HEIGHT

2

CNrg removes the tanks off the top of the body for a lower profile vehicle.

BENEFIT

As compared to top-of-body CNG, the CNrg reduces the overall height of the unit 12 inches.

WHY IT MATTERS TO YOU

- Can get into height-restricted areas
- Eliminates top of body tank and cabinet damage

2

VALVE ACCESS COVERS 3

Removable valve cover plates allow quick and easy access.

BENEFIT

The valve access covers are attached with wingnuts which can be twisted off by the operator for decompression of the CNG canisters.

WHY IT MATTERS TO YOU

- Ease of access saves time
- No special tools needed

RETRO FIT KITS AVAILABLE 4

Heil offers tailgate assemblies and tank add-on kits if customers wish to remount a body onto a CNG chassis.

BENEFIT

Convert diesel fleets to CNG more economically. Convert top of body CNG units to CNrG and use your existing transverse CNG tanks.

WHY IT MATTERS TO YOU

- Cost-efficient way to convert diesel fleets to CNG
- Available 60-90 DGE ASL
- Available 60-105 DGE AFL

CNrg™ TAILGATE

Purchase your Heil unit through NJPA®

National Joint Powers Alliance (NJPA) has awarded Heil Co. a nationally bid contract for “Mobile Refuse Collection Vehicles with Related Equipment, Accessories, and Services”.

Through the Heil Co. Contract (112014-THC), NJPA members can purchase any of Heil’s line of mobile refuse collection vehicles, including automated carry cans from Curotto-Can, without having to create a RFP and send the project through a duplicate bid process. By using the existing nationally bid contract, Members can receive the products they need more quickly and cost effectively.

Best of all, membership in NJPA is free! Qualified agencies can join online via NJPA website at www.njpacoop.org.

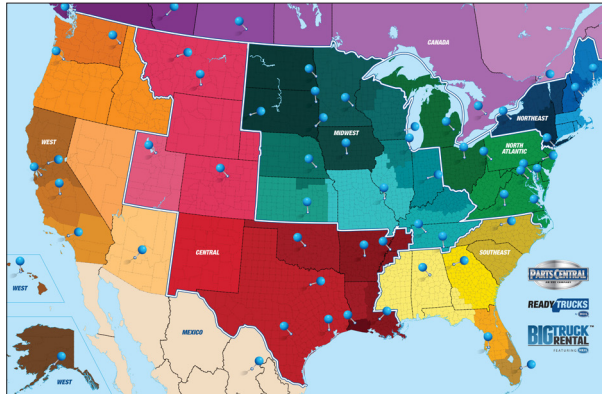

To find out more about purchasing Heil mobile refuse collection vehicles via the Heil Co. NJPA contract, please contact your Heil local dealer.

Trust Heil Certified OEM and aftermarket parts

Heil Certified OEM parts are the most reliable replacement parts for Heil refuse collection vehicles. They’re made following the exact specifications and production processes on the same assembly lines as the parts originally installed on the bodies. This means that they fit perfectly every time. Heil uses only the highest-quality materials for parts that last — minimizing costly downtime. For more information on parts, please call 800.528.5308.

2030 Hamilton Place Blvd., Suite 200, Chattanooga, TN 37421

Rely on experienced local support

When you buy from Heil, you gain the aftermarket support of the industry’s strongest network of dealers in North America. We stand behind our products, so you get the support you need for the life of those products. Our dealers are also trained to help you find the best product for your particular route needs.

To find the dealer nearest you, visit our website at www.heil.com and click on “Dealer Locator.”

Rent a Heil unit from Big Truck Rental

There are many reasons why renting your refuse trucks may be the perfect solution compared to purchasing vehicles for your fleet. Heil is pleased to partner with Big Truck Rental to offer short- and long-term rental options on our most popular refuse collection models, including front loaders, rear loaders, automated side loaders, and roll-off hoists.

Call your local Heil Dealer for more information or visit www.bigtruckrental.com.

Choose your DuPont® finish

Proven paint process

At Heil, we recognize that a quality paint finish requires a quality process and application. We have reviewed and refined our paint procedures to fully utilize the optimal characteristics of the paint and provide the finish and durability expected of Heil products. Heil uses a detailed process which includes:

1. Body surface prep
2. Joint sealer
3. Component powder-coating
4. Undercoating
5. DuPont paint

DuPont is the leader in commercial finishes, and Heil proudly uses DuPont primer and paint on all our refuse collection vehicles. Our priming and painting processes provide optimal adherence, durability, and corrosion resistance.

Count on the Lowest TCO

Refuse and recycling collection vehicles are our passion, and we apply tremendous resources to advance our product and service offerings to improve the profitability of your business and provide the lowest Total Cost of Ownership and the maximum return on your investment. You can be confident that choosing Heil equipment brings a long-term partnership with the industry leader.
