

# Growler Mulching Head

Tiger Growler mulching head, the newest addition to Tiger's top of the line boom mower attachments.

The Growler is designed with explosive power to tackle heavy brush and mulch 10" trees into wood chips. It will clear ditches, tree lines and road right-of-ways or other wooded areas with virtually no clean up after the job is complete.

The Tiger Growler head attaches to most existing Tiger booms, making this the perfect addition for all your mowing and clearing needs.

DURABILITY INNOVATION

COMMITMENT

# Tiger Features

## Rugged. Durable. Built to last...

Tiger's reputation for quality and reliability means the Growler's rugged design is built to withstand the harshest conditions and keep on mulching.

The precisely engineered, staggered tooth cutter shaft design provides the operator with a smooth running cutter head.

The precision and engineering integrated into this new head provide strength and performance for tough conditions.

Embrace the power and performance the Growler adds to your operation in clearing miles of small trees and under brush in a single day.
