

EVER Cart™ with MiX Module System™

Introducing Bretford's most flexible solution for mobile device charging and storage. EVER Cart features the MiX Module System which is thoughtfully designed and purpose-built for today's devices and the devices you'll need to support in the future too.

It's the last charging cart you'll EVER need. EVER.

The last charging carts you will ever need.

EVER Cart™ has the unique ability to be updated rather than replaced like traditional charging carts and a single EVER Cart can support USB and AC powered devices instead of having multiple carts to charge tablets and laptops separately.

Future-proof.

Unlike any other carts, Carts with the MiX Module System offer longevity. As devices become obsolete, there's no need to replace the cart. Simply swap out a MiX Module to support the latest devices.

VERSATILE

Create a hybrid cart that supports a variety of different devices using AC and USB MiX Modules in the same cart.

CONVENIENT

MiX Modules are fully removable. Place on a work surface for quick and easy cable management and simple slot reconfiguration.

PRACTICAL

Top shelf provides a work surface for a printer, projector, or document camera of up to 25 pounds.

EFFICIENT

Power Management System assures devices are charged quickly with one cord from cart to wall outlet.

Personalize again and again.

MiX Modules, shelf heights, and slot sizes can continually change and evolve.

SHELVES

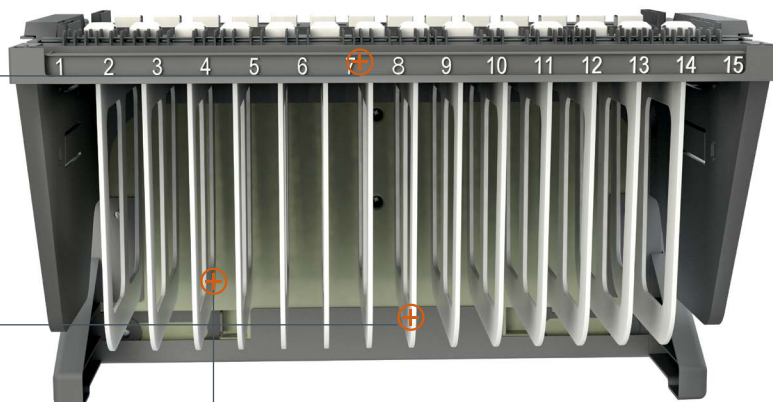

Adjust from 10" to 12" high providing space for device height to expand and contract

HANGING DIVIDERS

Allow shelves to be cleaned easily and can support learning devices from the top

SLOTS

Adjust from 1" to 1.25" to 1.5", increasing and decreasing shelf capacity from 15 devices to 10 devices; slot depth 17"

Flexible charging solutions that evolve with you.

Technology keeps changing and rebooting how we think, learn and interact, especially in education. As new technologies appear, devices can quickly become obsolete along with the charging carts used to power them, putting a strain on budgets. EVER Cart solves the problem with a charging solution that supports all kinds of devices—even those not yet invented.

EVER Cart™ with MiX Module System™ AC

- Each MiX Module supports devices with 15 AC Outlets
- Ships fully assembled
- Certifications Certified: to UL 60950-1
- Cart Dimensions (W x H x D)
33.22" x 44.52" x 25.76"
- Adjustable Slot dimensions (W x H x D)
1" to 1.25" to 1.5" x 10" to 12" x 17"

T30C-P-AC-US

2 MiX Modules; supports charging up to 30 devices

T45C-P-AC-US

3 MiX Modules; support charging up to 45 devices

Essential Additions.

LED INTERIOR LIGHTING KIT

Illuminates the interior of the cart when the front doors are opened. This makes it easier to see the devices and to connect and disconnect them.

EVER Cart™ with MiX Module System™ USB

- Each MiX Module supports devices with 15 USB ports
- Ships fully assembled
- Certifications Certified: to UL 60950-1
- Cart Dimensions (W x H x D)
33.22" x 44.52" x 25.76"
- Adjustable Slot dimensions (W x H x D)
1" to 1.25" to 1.5" x 10" to 12" x 17"

T30C-P-DC-US

2 MiX Modules; supports charging up to 30 devices

T45C-P-DC-US

3 MiX Modules; support charging up to 45 devices

KEYPAD LOCKS

Easy to operate and program. Includes personalized 4-digit access along with override RFID access.

MiX Modules are fully removable. Place on a work surface for quick and easy cable management and simple slot reconfiguration.

Adjustable Slot Dividers allow modification of slot size based on devices, and Slot Numbering Bars keep devices organized.

As device and power needs change, MiX Modules can be replaced with other MiX Modules of a different type. No need to replace the entire cart.

Directional locking casters allow for maximum control during transport and offset locks protect walls and doorframes.

270° Hinges allow doors to fold back against the cabinet for safety and easy access.

HOW TO BUY

Bretford has a worldwide partner network with thousands of locations around the globe. Let us assist with product selection, purchase, and installation. Locate a Bretford partner in your area by contacting Bretford Customer Care at customerservice@bretford.com

CUSTOMIZATION SERVICES

Sometimes, a one-size fits all approach isn't the answer. That's where Bretford Customization Services (BCS) can help. Our BCS team will work with you to create a unique solution, designed around your needs. Need a different color? **We can do that.** Want to brand the cart with your logo? **We can do that too.**
