PRODUCT INFORMATION SHEET

HEOS HOMECINEMA HS2

WIRELESS SOUNDBAR AND SUBWOOFER

Add dimension and power to your favorite movies, music and video games with the HEOS HomeCinema HS2 wireless soundbar and subwoofer. The HEOS HomeCinema HS2 features bi-amplified mid-woofers and tweeters with advanced DSP processing, plus a wireless subwoofer. Includes HDMI input and output with Audio Return Channel for single wire connection to your TV. Dolby Digital, Dolby Digital Plus and DTS decoding for immersive sound. Listen to your favorite music services via Airplay, Bluetooth and high-resolution audio playback.

SUPPORTS POPULAR SURROUND SOUND FORMATS

Supports Dolby Digital, Dolby Digital Plus and DTS decoding for an immersive surround sound experience.

STREAM MUSIC VIA AIRPLAY, HEOS AND BLUETOOTH

Stream music effortlessly with Apple Airplay or use the free HEOS app to enjoy top music services like Spotify, Deezer, TunesIn, Tidal, Amazon Music and much more. Also supports Bluetooth for even greater flexibility.

HEOS MULTI-ROOM STREAMING

HEOS technology lets you enjoy your favorite music in any room of your home for a wireless, whole-home audio experience. Play the same song in every room, or select a different song for each connected room — the choice is yours. Enjoy music from Spotify, TunesIn Internet radio, Sound Cloud, Tidal, Napster, Deezer or your local music file libraries. With additional HEOS components, like HEOS-capable AV Receivers, you can play all your music in one room or many.

HIGH-RESOLUTION AUDIO PLAYBACK

Enjoy the ultimate music listening experience with high-resolution playback, whether you stream over your network or plug in a USB to play saved tracks. Supports WMA (up to and including 192kbps AAC), MP3 (up to and including 320kbps), WAV, ALAC and FLAC (up to and including 24-bit/192kHz), and DSD (2.8MHz or 5.6MHz)

HDMI IN/OUT WITH AUDIO RETURN CHANNEL (ARC)

HDMI input and output features Audio Return Channel (ARC) for single cable connection from the sound bar to your TV. Supports 4K UltraHD compatibility with HDCP 2.2, Dolby Vision and HDR10.

MOVIE, MUSIC AND NIGHT MODES

Features pre-set EQ modes optimized for movie and music listening. Select Movie mode to punch up the bass of an action scene or make dialogue sound clearer. Choose Music mode for a wider soundstage and even dispersion. Or, switch to Night mode for lowered bass and clear dialogue when you need to quiet things down.

WORKS WITH MOST TV REMOTES

Control the sound bar with your TV remote and the HEOS IR learning function. Includes an IR blaster, ensuring remote control commands reach your TV if the soundbar is blocking its IR receiver (sensor).
