Vibrant® Titanium Finish
Beautifully simple.

THE BOLD LOOK
OF **KOHLER®**

Vibrant® Titanium Finish (TT)

Conveying strength and style with an attitude, the KOHLER® Vibrant Titanium finish is a stunning addition to any modern interior. Moodier and deeper in tone than polished nickel or chrome, it complements dark spaces as well as bright clean backdrops.

Vibrant Titanium is available on the entire line of Composed® bathroom faucets, showering products, accessories and cabinet hardware. Its nickel undercoating enhances the strength and integrity of the color, while the durable PVD finish resists scratches, corrosion and tarnishing. Like all KOHLER Finishes, Vibrant Titanium exceeds industry durability standards by more than two times.

Find the complete selection of products available in Vibrant Titanium at KOHLER.com/FaucetFinishes.
