**BATHS**

THE BOLD LOOK  
OF **KOHLER**®

## DEPTHS OF DESIGN

KOHLER® freestanding baths are one of life's little luxuries. Delicate yet decadent. Swank yet simple. They exhibit control with perfect proportions, yet they invite us to unwind in the depths of the water as we let down our guard in quiet moments of reflection and relaxation. Each bath presents itself as a statement piece for your bathroom. It becomes an essential element that reflects your taste and style to the world while remaining a retreat wholly apart from it. Immerse yourself in the luxury of freestanding baths from Kohler.

# KOHLER® FREESTANDING BATHS

## RELAX IN COMFORT

Kohler carefully considers ergonomic details and consumer experiences with every bath we design. For example, our freestanding baths provide deep soaking wells to help you unwind. Our lumbar supports are engineered to accommodate a wide range of body types. And the slope of our baths facilitates both a comfortable upright position as well as a relaxing lounge position, which enables you to bathe exactly how you want.

# MATERIAL WORLD

Our baths come in a range of high-quality materials to fit your style without breaking your budget. We are inspired to create baths full of expression and unique character with crisp detailing. The result is a statement piece for your bathroom, one that reflects your taste and style while inviting you to immerse yourself in the depths of its design.

## LITHOCAST®

Our strong cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail that is full of character. Lithocast Matte has a finish that captures the beauty of real stone. Lithocast Gloss is lighter weight than Lithocast Matte and has a full spectrum of designs with an easy-to-clean gloss finish.

# BATH FAUCETS AND FILLERS

Make a stunning statement in your bathroom with the effortless beauty of a KOHLER® bath faucet or filler. With a variety of styles and finishes available, you'll be able to create the look you want.

## FLOOR-MOUNT

A natural choice for open-concept bathrooms, the floor-mount, or standing, bath filler is a stand-alone unit installed near the bath.

Floor-mount bath fillers don't touch the bath, keeping the bath's rim or deck free of any faucetry. Floor-mount models feature an integrated handshower for added versatility.

## DECK-MOUNT

Affordable and attractive, deck-mount bath fillers offer a simple solution and can be installed on the bath itself or on a stone or tile deck.

## WALL-MOUNT

In certain installations a wall-mount bath filler may be best. Similar to the faucet you might see in a standard alcove bath, these fillers are mounted to the wall and receive their water supply from in-wall plumbing.

## CEILING-MOUNT

A ceiling-mount bath filler delivers a visually stunning, smooth and splash-free stream of water. These fillers coordinate with any bath, and feature a pressure-compensating flow control to ensure a clear column of water.

# FLOOR-MOUNT BATH FILLERS

INCLUDES HANDSHOWER, SHOWER HOSE, INTEGRAL VALVE, AERATOR, HARDWARE KIT AND ESCUTCHEON PLATE
