LRX-1204: PORTABLE LINE SPEAKER ARRAY WITH 12" SUBWOOFER

POWERFUL, ROOM-FILLING SOUND

Our incredibly powerful LRX-1204 changes the landscape of the all-in-one PA system once again. We've developed this speaker to make pattern control in the voice frequency range easier to manage by including two 4 X 4 satellite speakers on stands (included) that allow for multiple adjustable dispersion angels. The low end is covered with the included 12" subwoofer enclosed in a rugged durable housing. Other important features include high power handling up to 600 Watts RMS, Cables included, USB & BT playback, remote control and lightweight construction. Think of our LRX-1204 as the most versatile building block PA system in your toolkit.

Since 1974, we've made gear with our customer in mind. At Gemini, our goal is to design products that offer value and innovation in the DJ, Pro Audio and Consumer Electronics markets. From the beginning we've evolved and thrived by understanding the needs of our customers and recognizing industry trends.
