Safety Clearance Bars

Eagle introduces two safety clearance bars for use in drive-thrus, parking garages and much more. Clearance Bars provide an early warning for motorists, reducing structural and vehicle damage. This is even more necessary as SUVs and pickups have grown in size. The Clearance Bars are constructed of high-visibility yellow polyethylene and are available in 76 in. (193 cm.) and 77 in. (195.6 cm.) lengths in either 5 in. (12.7 cm.) or 7 in. (17.8 cm.) outside diameter. Both come with eyebolts for easy installation (chain not included).

Clearance Bars			
Model	Description	Dimensions (dia x l)	Weight
1780	5" Clearance Bar	in: 5 x 76 cm: 12.7 x 193.1	7 lbs./3.2 kg.
1781	7" Clearance Bar	in: 7 x 77 cm: 17.8 x 195.6	9 lbs./4.1 kg.
