Sartorial™ Collection Artist Editions® Bathroom Sinks

Celebrating the white-on-white trend with raised patterns, the Sartorial collection is available in Paisley and Herringbone, both timeless, tactile and dimensional designs. The Paisley pattern was inspired by an exuberant French block print from 1850 and has an organic quality while the Herringbone pattern was inspired by haberdashery fabrics and strikes a modern, geometric note.

Artist Editions marries the artistry and craftsmanship of a small studio with the manufacturing know-how of a global company. Each beautifully handcrafted piece helps tell the story of you.
