Instructions for Doing the TraFFix Two-Step

1. Simply position the Little Buster stand with Step-N-Drop legs so the Sign Side label is facing oncoming traffic.

2. Place right foot on both release levers located between the legs and step down. Both legs will fall to the ground.

3. Walk to the other side of the Little Buster stand, place your left foot on both release levers and step down. The remaining two legs will fall to the ground.

4. Once all four legs are firmly on the ground, pull up on the mast to lock legs in place. Now you know how to do the TraFFix Two-Step.
