

FAUCETS

Function and style converge to form kitchen faucets as stunning as they are efficient. We offer a number of configuration, spray and technology options so the faucet you choose will be on task with your needs and space.

FAUCETS GUIDE

FORM

Select your faucet form. What's your faucet style? Do you need a high-arch spout to accommodate large cookware? Do you prefer to operate the faucet with a single handle or two handles? Do you want a simple yet elegant design or are you a home chef who wants the look of a professional kitchen?

Choose a pull-down or pull-out model for all-in-one function, or select a wall-mount faucet to keep the countertop clear. Many models are available in multiple sizes to pair with different sink sizes and kitchen task areas.

Pull-Down, Pull-Out & Semiprofessional Faucets

Pull-Down

- Great range for easy prep and cleanup
- Generous spout height
- Multiple sprays
- Eliminates the need for a separate sidespray
- Touchless technology in some pull-down faucet models allows you to control your faucet with the wave of a hand, utensil or dish so you don't have to worry about germs spreading to the rest of the kitchen

Pull-Out

- Allows for easy control over faucet and spout
- Available with multiple spray functions
- Larger section of faucet pulls away
- Eliminates the need for a separate sidespray

Semiprofessional

- Inspired by professional kitchens
- Easy-to-clean coated hose and removable coil
- Elegant design with exceptional ergonomics

Standard Spout Faucets

Single-Handle

- Volume and temperature are controlled by a single lever
- Lever is located on the faucet or next to it

Two-Handle

- Familiar design and function
- Separate temperature controls
- Some designs are available in both deck- and wall-mount models

Bridge

- A new interpretation of a classic design
- Two-handled with a generous swing spout
- Many designs are available in both deck- and wall-mount models

Wall-Mount

- Reduces countertop clutter
- Makes for easy cleanup around the sink

Additional Task Area

Pot Fillers

- Inspired by professional chefs
- Installed above or next to your stovetop
- Mount to counter or wall
- Perfect for the serious home chef

Bar

- Reduced size coordinates with prep and bar sinks
- Simplifies food prep
- Makes entertaining easier

Beverage

- Dispense filtered drinking water
- Adds convenience to the kitchen

FAUCETS GUIDE

FUNCTIONS

Helping you work faster and easier in the kitchen, our faucets include innovative features. Choose the functions that complement how you prep, cook and clean in the kitchen.

The KOHLER® Advantage

Innovative designs and technologies, that's the KOHLER advantage. Magnetic docking, sprayfaces that withstand mineral buildup and effortless hose control provide functional versatility.

DockNetik®

DockNetik is a magnetic docking system located within the spout that securely locks the pull-down sprayhead into place.

ProMotion®

ProMotion technology combines a braided hose with a swiveling ball joint that won't kink or tangle for effortless sprayhead control.

MasterClean™

The MasterClean sprayface withstands mineral buildup and wipes clean with a wet cloth.

KOHLER® *Konnect*

KOHLER Konnect™ voice-enabled technology transforms your kitchen faucet into your own personal assistant. Just say the words to turn the water on, fill pots and dispense measured pours without fear of spillage. Use the KOHLER Konnect smartphone app to control your preferences and even monitor water usage. Enjoy having the power to personalize your kitchen routine and create an experience as unique as you.

- Set preferences for KOHLER Konnect products
- Discover and choose preset modes
- Customize additional settings exclusive to the app
- Stay informed about your product's water usage and energy efficiency
- Leak detection

Response® *Touchless Technology*

Response touchless technology responds to your every move to ensure that prepping, cleaning and cooking all go more smoothly. No false activations, no interruptions from your daily routine. Simply wave a hand, utensil or dish through the sensor window for reliable on and off operation so you don't have to worry about germs spreading to the rest of the kitchen.

- The sensor window at the underside of the spout responds within milliseconds
- If you forget to turn the faucet off, auto shutoff will kick in after four minutes of inactivity
- No need to replace batteries; simply connect to AC power
- Temperature may be adjusted simply by moving the handle—no need to adjust anything beneath the counter

FAUCETS GUIDE

FUNCTIONS

Sprays

Sprays help streamline kitchen tasks. They can quickly fill large pots with water, gently clean delicate fruits and sweep dirty dishes clean. And each is designed with thoughtful technology to stay on task for years.

BerrySoft®

Delicate fruits deserve a gentle touch. BerrySoft is a light spray that gently rinses produce.

Sweep®

Sweep your sink and dishes clean with Sweep spray's wide, powerful blade of water.

Boost

With the touch of a button, Boost technology will increase your faucet's water flow by 30 percent.

Ring

Great for everyday cleaning tasks, ring spray offers a precise and powerful flow of water.

Stream

This option provides a full, aerated stream of water that's great for quickly filling large pots.

FAUCETS GUIDE

FILTRATION

Aquifer® Water Filtration System

The Aquifer system works with kitchen, beverage or bathroom faucets. It rests discreetly under your sink and delivers clean drinking water.

- Aquifer carbon-block filter media is made out of ground coconut shells, making it more sustainable
- Choose between one filter cartridge with 0.85 gallons per minute (gpm) flow rate or two cartridges with a 1.7 gpm flow rate
- Aquifer is ideally suited for beverage faucets like the KOHLER® Wellspring faucet, but it is also compatible with any kitchen or bathroom sink faucet
- The Aquifer filtration system effectively reduces harmful chemicals and contaminants, including lead, mercury, chlorine, PFOA/PFOS, pharmaceuticals and more

 For more information, visit [KOHLER.com/Filtration](https://www.kohler.com/Filtration)

FINISHES

Choose a finish that complements other metals in the room or one that makes its own bold style statement. Find a range of beautiful finishes for any kitchen design.

KOHLER Finishes

We offer one of the largest selections of faucet finishes—from warm, brushed tones to brilliant, polished hues. As tough as they are beautiful, each one resists corrosion twice as well as the industry standard.

- Vibrant® faucet finishes are created using Physical Vapor Deposition (PVD) to bond the finish and faucet together at the molecular level. This process creates an incredibly strong surface that's scratch- and tarnish-resistant.

PULL-DOWN

Pull-down faucets are a popular choice. They feature a generous spout height as well as multiple spray options to help you prep, cook and clean with ease. Whether you're going for a sleek design or the look of a professional kitchen, a KOHLER® pull-down faucet will lend a clean, polished feel to your kitchen and provide convenience and versatility.
