

Morning Pride® VE Turnout Gear

Honeywell

Optimal Value
in Action

MORNING PRIDE

by Honeywell

VE GEAR AT A GLANCE

VE Gear was developed to deliver value-engineered turnout gear fully certified to NFPA standards, at a price that meets the needs of more budget-restrained departments. It offers two closure styles, both fully equipped with the necessary options to ensure safe and functional performance.

- Leather or Hypalon Shoulder Patches**
Added protection in key compression areas
- Clean-flow Collar Design**
No bulky flaps
- X-protect Closure**
Uninterrupted protection
- Nomex® Webbing**
Microphone Loop
- Sleeve / Liner Wrist Attachment with Four Snap Fasteners**
Eliminates sleeve retraction
- Radio Pocket**
- Neoprene Elbow Patch Sewn on Liner**
Added thermal protection in compression areas
- Free-up Sleeve Construction**
No bulky gussets
- Snap-in Liner**
For easy cleaning
- Angled Patch Pockets**
Easy access
- 2" Solid Reflective Trim**
- Neoprene Waterwell**
Improved water resistance and durability
- Leather or Hypalon Wrist Cuffs**
Improved durability

- Suspenders**
8-point button suspender system
- Side Adjustment Pull-tabs**
Tough and durable Nomex® webbing. Waist adjustment of 4" to 6" provides a better, tailored fit.
- Semi-bellows Pockets**
Easy access
- Leather or Hypalon Knee Patch**
Improved durability and comfort
- X9 Knee Patch Sewn-on Liner**
For added protection in key compression areas
- 2" Solid Reflective Trim**
- Leather or Hypalon Pant Cuffs**
Improved durability

Available Coat Closure Systems
All paired with hook and loop

- 32" coat – zipper under flap
- 34" coat – hooks and dees outside flap

Pant Closure System

- Hook and dee outside flap paired with military-grade snaps

Popular Coat Options

- Back patch with department name
- Choice of required trim packages

Popular Pant Options

- Choice of required trim packages

**DuPont
Nomex®**

DuPont™ and Nomex® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

Clean-flow Collar
**Continuously
 Protects Without
 Gaps**

The Clean-flow collar design provides continuous protection by removing the gaps common with standard throat tab designs and eliminating big bulky flaps that add weight and may impede movement. The easy-to-fold-down Clean-flow collar is flexible and comfortable, and interfaces well with all SCBA units.

Free-up Sleeve **Allows
 Mobility Without
 Excess Fabric**

Unlike most turnout coats, the Free-up sleeve design is an engineered lightweight alternative that does not rely on bulky gussets to maximize mobility, comfort, and reach. The innovative side seam and sleeve interface distribute the underarm stress evenly, resulting in minimal coat rise and maximum comfort for all body types.

X-protect Closure
**Provides
 Uninterrupted
 Protection**

All hook-and-dee-equipped turnout coats have positive closure systems, but only the X-protect closure offers uninterrupted protection. Having the hook and loop strategically offset on the inner flap prevents gaps along the closure and ensures that protection is not compromised. Available in 34" hook and dee only.

Sizes Available
