Terreon®

Solid Surface

Terreon® solid surface and Terreon®RE recycled solid surface last a lifetime and can easily be repaired and renewed, thus minimizing the need for replacement or disposal. Terreon is a non-porous material which means that it will not support the growth of mold, mildew or bacteria, all substances that can adversely affect indoor air quality. Terreon is certified to meet the highest industry quality and performance standards for solid surface materials.

ADVOCATE® AV-SERIES ALL-IN-ONE HANDWASHING

The first handwashing solution to provide completely touchless soap, water and hand drying all in one space. The all-in-one Advocate® delivers hi-tech convenience, comfort and safety. Soap, water and hand drying in one location creates a safer environment by keeping water off the floor. Large capacity, top-fill, touchless soap dispenser, with low level indicator for maintenance. Cast formed in Terreon or TerreonRE solid surface.

U.S. Patent Numbers D663016; D674967; D68020; other patents pending.

OMNIDECK™ BASINS AND DECKS
