GTR-200: BLUETOOTH STEREO SPEAKER

GET LOUDER

The GTR-200 packs 40 watts in a compact, portable, 9V battery powered (not included) Bluetooth stereo speaker. We've built the GTR-200 with the best industry breaking technology that produces a powerful, balanced audio experience, and can fit in the most compact of spaces. With Bluetooth 5.0 you can stream your music wirelessly from up to 30 feet away from the speaker. No wires required. Feel like going old school? Use the Aux in to connect your record player for true vintage sound. Ready to turn it up a few notches? Switch on the Overdrive function to rock out to your favorite songs. Our GTR-200 is a throwback to the days of vinyl and Rock-N-Roll and it's analog interaction knobs give you complete control over your music.
