

ENVIRO-CONES

Enviro-Cone®

Made in the USA means a reliable, consistent and sustainable source of supply for distributors and users throughout North America.

Recyclable

- The Enviro-Cone® is 80% recycled by weight and can be recycled again. No more land fills loaded with PVC cones. Enviro-Cones qualify for Green Points due to its high recycled content.
- If ever a stem gets destroyed, simply reorder the stem and reuse the base. No need to buy the entire cone.

Cold & Hot Weather Performance

- Manufactured from low density polyethylene, the Enviro-Cone provides superior cold weather performance. No cracking or breaking down to -40°F.
- No more soft and droopy cones in hot weather. The Enviro-Cone stands tall and vertical in road temperatures exceeding 180°F.

Gription

- The Easy Grip Groove provides excellent "gription" for quick deployment and retrieval. Also makes tying off caution tape to cone quick and easy.

16028-HIWB-7
28" Tall, 7 lb. with (6" & 4") reflective collars. MUTCD Compliant

Visibility

- Quality reflective collars assure superior performance in low light and nighttime conditions.

Durability

- Enviro-Cone provides long term durability. Color retention is excellent through the use of ultraviolet stabilizers and low density polyethylene (LDPE) increases the life of the product.

Stability

- With nearly 80% of the weight in the base, the Enviro-Cone is more stable than traditional 7 or 10 lb. PVC cones.

Enviro-Cone with Cone Bar

Complete Enviro-Cone Family

- Available in 18, 28 and 36 inches. Cone weights of 3, 7, 10 or 12 lbs. All sizes available in orange, lime and white.

Specification

Orange/Lime/White traffic cone is 18", 28", or 36" in height and has a total weight of 3, 7, 10, or 12 lbs. ± ¼ lb. Stem of the cone is molded from LDPE to provide superior cold/hot weather performance, excellent 100% UV resistance/color retention, and superior impact performance. Base of the cone is molded from recyclable rubber and makes up 80% of the total weight. Dimensions of the base are 15 ¾" x 15 ¾". The cone base is removable so that the stem can be replaced if either part becomes damaged. The cone base will lock onto the cone stem with molded-in locking lugs. The stem of the cone is designed with recessed areas for reflective collars and a groove near the top of the cone for easy grip. Tipping angle of the cone is no less than 76° from vertical. The entire Enviro-Cone product, cone stem and base, is made in the USA.

Get Your Message Across... NEW Enviro-Sign™
Snaps onto the Enviro-Cone®

ENVIRO-SIGN™

Series 16128W

- Holds 16" x 19" graphics
- Made from LDPE plastic providing long outdoor life - just like the Enviro-Cone
- Optional 20 lb. recycled rubber base for additional stability
- Ideal for events, advertising or safety messages
- Custom legends and messages available on all sheeting types

Traffix Spring Cone™ & Tote System

SPRING CONES™

- Compact for easy storage on any truck, or in vehicle trunk
- Light weight and compact, cones weigh less and pack-up in a fraction of the space of traditional highway cones
- Quickly deployed Spring Cone™ delineates traffic at any scene
- Meets Federal M.U.T.C.D. requirements for 28" reflective highway cone
- Industrial Tote holds up to 6 cones in approximately 1 cubic foot
- 2, 4, 5 or 6 wire cone totes are available
- 10 cone utility storage box is also available
- Cone is made of a durable, bright orange flexible mesh material with a heavy duty rubber base
- Flexible spring allows cone to automatically self deploy and spill wind for increased stability
- Rubber base securely grips the road and holds cone in place in heavy traffic conditions
- Cones come in 3 lb. and 5 lb. (1.4 kg/2.3 kg.) models
- Cones are available with Orafol® Reflective Cone collars
- Optional Cone Light fits in top of Spring Cone

Traffix PVC Cones

PVC Traffic Cone MUTCD Compliant

PVC CONES

15000 SERIES

- Injection molded PVC, MUTCD Compliant, 18" and 28" wide body traffic cones.
- Cone has excellent stability and anti-skid performance.
- Available in 18"-3 lb., 28"-7 lb.
- 6" and 4" reflective collar for MUTCD compliant night time performance.
- Fluorescent orange color throughout for superior fade resistance.
- Cones easily stack for transport or storage.
