BRADLEYCORP.COM

Advocate AV-Series

Lavatory Systems

Bradley introduced the first Lavatory System over 20 years ago to provide a unique, convenient, long-lasting handwashing solution for the public restroom. A single specification plus fewer rough-ins to reduce installation time and cost.

Advocate® Lavatory Systems AV-Series

The first lavatory system to provide completely touchless soap, water and hand drying all in one space. Everything's within reach! The all-in-one Advocate® delivers hi-tech convenience, comfort and safety.

- Soap, water and hand drying in one location creates a safer environment by keeping water off the floor
- Large capacity, top-fill, touchless soap dispenser, with low level indicator
- Hygienic hands-free touchless, .38gpm (1.44 lpm) faucet, that reduces water usage by 24%
- Touchless, high efficiency, dual-sided hand dryer at each hand washing station

U.S. Patent Numbers D663016; D674967; D68020; other patents pending.

Verge LVS-Series

Verge® Lavatory Systems

Characterized by its sleek and modern design, as well as its durability and low-maintenance features. The Verge® Lavatory System incorporates a beautifully sculpted basin made from natural quartz, conveying upscale sophistication. Choose from LVR-Series, LVG-Series, LVL-Series, LVS-Series or the **NEW** LVA-Series.

U.S. Patent Numbers: D001205496-0001-0004; D625792; D629877; D633922; D640778; D642664; D649232; other patents pending.
