Barricade Features

- Made from durable impact resistant polyethylene
- Blow molded legs provide increased strength to minimize barricade damage and to prevent sagging in extreme heat
- Lightweight and easy to handle
- Wide selection of Type I and Type II barricades are available
- Modular design allows for easy replacement of components
- Unique San-Fil bottom panel eliminates messy sand bags and stabilizes barricade in windy conditions
- Fully assembled barricades with mounted lights are stackable
- Barricade is 100% recyclable
- Panels are recessed to protect reflective sheeting
- Meets MUTCD standards

You can also specify engineer, high performance, or Diamond Grade reflective sheeting. The optional sand bag bar is available with all barricade combinations.
