

As a renowned leader in the fiberglass industry, with over 100 years of combined experience, **Belding Tank®**, located in Belding, Michigan, continues to provide quality tanks and excellent customer service from one of the newest facilities in the industry. We operate with over 35,000 square feet of manufacturing space located on ten plus acres.

We manufacture a wide variety of custom filament wound and contact molded tanks with sizes ranging from 2 feet to 30 feet in diameter.

We feature cone bottom, dish bottom, flat bottom, slope bottom, horizontal and double wall tank design.

Whatever your needs, you can bet **Belding Tank®** has a quality tank for you.

We're proud of our reputation for superior products and customer service. When it comes to fiberglass tanks, we'll work closely with you through every step of the process to ensure you get exactly what you need.

Your complete satisfaction is our number one goal.
