

**SECTIONAL MACHINES**

High-speed cutting action to drill through obstructions.

- Power and speed with cable control.
- Lightweight and portable.

Line Size	Application	Model	Page
3/4" to 4"	Bathroom/lavatory/kitchen sinks, tub/shower, urinal, laundry tub, roof vents and indoor floor drains	K-50	14.27
1 1/4" to 4"	Sink lines, roof vents and floor drains	K-60SP	14.29
2" to 8"	Roof vents, floor/secondary lines, laterals and main lines	K-5208	14.31
2" to 8"	Floor/secondary lines, laterals and main lines	K-1500	14.33
2" to 10"	Laterals and main lines, commercial lines	K-1500SP	14.35
2" to 10"	Laterals and main lines, commercial lines – gasoline engine powered for remote locations	K-1500G	14.37

**RODDER MACHINES**

Designed specifically for larger diameter lines.

Line Size	Application	Model	Page
8" to 24"	Straight main work in municipalities, universities, institutions and industry	K-1000	14.39

**WATER JETTERS**

Water jetting machines are ideal for clearing grease, sludge or soap-clogged lines.

Line Size	Application	Model	Page
1 1/4" to 4"	Sink lines/floor/secondary lines	KJ-1350	14.41
		KJ-1750	14.42
1 1/4" to 6"	Sink lines/floor/secondary lines/laterals	KJ-2200	14.43
2" to 10"	Sink lines/floor/secondary lines/laterals/main lines	KJ-3100	14.45
