RP 240 Kit

## RP 240

The RP 240 is 15 percent smaller and 10 percent lighter than its predecessor, making it an ideal solution for pressing copper, stainless steel, black steel and PEX in hard to reach areas. Its lightweight, compact design also helps minimize fatigue and maximize productivity.

The RP 240 comes standard with a 12V battery that provides over 140 crimps per charge. It weighs 7.4 pounds, with battery and jaws, and at 13.0 inches is 15 percent smaller in length than the prior model. The tool easily connects to RIDGID Link, providing users data on crimps, service history and more. It is compatible with all prior RIDGID® compact series jaws and attachments.
