

# D300

## WIRELESS WHEELCHAIR SCALE

The lightweight yet durable D300 Series wireless wheelchair scale consists of four pads to weigh wheelchair-bound patients in environments where portability is key. The wheelchair is simply rolled onto the four pads, which communicate wirelessly to the handheld controller. Measurements from each pad are automatically combined and the total weight is displayed.

### FEATURES

- Four lightweight, wireless scale pads
- Powder-coated molded plastic and cast aluminum construction
- Four wheel-stops and roll-up ramps
- Handheld controller
- Rubber controller glove and lanyard
- Optional carrying case
