USAGE PROFILES

Converge Pro 880 & XAP 800	• Large-scale conferencing venues, such as board rooms, courtrooms, distance learning facilities, hotel and convention centers, training rooms, telemedicine facilities and houses of worship • Integration of various multimedia systems, such as control systems, video conferencing, in-room sound amplification, video and audio playback and recording, etc.
Converge Pro TH20 & XAP TH2	• Add telephone conferencing capabilities to Converge Pro or XAP products
Converge Pro 840T & XAP 400	• Same usage as Converge Pro 880 or XAP 800, but add telephone conferencing capabilities and amplifier, with fewer inputs and outputs
Converge Pro 8i	• Add 8 mic/line inputs and 4 line inputs to a Converge Pro system in situations where additional inputs are required without adding extra output channels
Tabletop Controller	• Add affordable controller solution to Converge Pro or XAP • Use for easy dialing of audio conference calls • Programmable keys allow for control of audio conference and presentation control functions
XAP Net	• Add ethernet connectivity to XAP systems • Not required for Converge Pro products, which include built-in Ethernet
PSR1212	• In-room sound amplification • Hotels and convention centers, auditoriums, stadiums, conference rooms, houses of worship and theaters
Converge 560/590	• Medium-sized conferencing venues requiring up to 6 microphones (Converge 560) or up to 9 microphones (Converge 590), such as conference rooms, board rooms, distance learning facilities, training rooms and hearing/deposition rooms • Integration of multimedia systems, such as video conferencing, web conferencing, control systems, video and audio playback and recording, etc. • Rooms requiring in-room sound amplification

Professional

CONFERENCING FURNITURE

In addition to a complete line of audio conferencing products, ClearOne also offers a line of conferencing furniture.

ClearOne's conferencing furniture makes it easier and more convenient to conference. Each piece is designed to be highly durable and functional, while also providing the style and elegance required for the most sophisticated settings.

Titan Plasma Cart

Titan Plasma Cart includes a set-top codec shelf and a center PTZ camera mount. Both dual and single plasma carts provide a professional depth, 9-space rack on the inside to accommodate multiple equipment pieces and are built to handle rigorous use and withstand wear and tear.

Titan Monitor Carts

Titan Monitor Carts blend heavy-duty metal construction and professional styling in a durable, scratch resistant cart. Reinforced for extreme balance and smooth movement, Titan Monitor Carts are tall enough for easy monitor viewing and provide a professional depth, 9-space rack on the inside to accommodate multiple equipment pieces. Removable vented back panel with cable-management duct facilitates easy installation.
