Kids-Flix™ Digital Camera for Early Learners

Photography is a combination of art and technology and with today's constant technological leaps, this interactive technology art form has become accessible to all, even younger kids.

Schools and teachers see cameras as tools to help develop self-expression and creativity along with a range of skills their student will utilize throughout their lives. Kids gain confidence and get a boost in their self-esteem when sharing their pictures. And shy and withdrawn kids gain a medium to express their thoughts and emotions.

The Kids-Flix™ Camera features all the tools a young photographer needs and is specially-designed to be kid-proof and kid-friendly. Built rugged to withstand handling by kids as young as 3 years old, Kids-Flix™ features front and back lenses, 2" LCD screen, an 8GB micro SD card included (with capacity to hold up to 32GB micro SD card), and double viewfinders, allowing kids to use both eyes when looking at their subject through the viewfinders.

Kids-Flix™ Camera is also a video recorder that captures full HD quality video (1920x1080) and has a selfie-mode.
