Please contact your local sales representative below for more information.

♥ 1 day ♥ 2 day ♥ 3 day ♥ 4 day ♥ 5 day ♥ 6 day ♥ 7 day ♥ 8 day ♥

Our Dates Have a Money Back Guarantee!

If you're not completely satisfied with our QuickDate Program, RAE Coils will reduce your premium percentage paid to correlate with the date your coil actually ships. You can rest easy knowing all of your RAE Coils will be manufactured and perform to your exact specifications. And now, your coils can ship faster than ever! For questions about the QuickDate Program from RAE Coils, contact your RAE Coils account manager.

Production Time (in days)	Premium Percentage	QuickDate Program Details & Limitations		Example
1	300%	<ul style="list-style-type: none"> Maximum order quantity of 2 coils No DX or 3/8" coils Maximum fin height of 48" per coil Maximum of 8 rows per coil No special/"Z" circuiting No intermediate drain pans Order must be submitted electronically via TP2 	<ul style="list-style-type: none"> Order must have only standard drawings (excludes drawing 0 and 00) Order drawings must pass all electronic checks Drawing notes cannot alter coil geometry or design Minimum \$100 premium per coil Order must be entered before 2:00 PM CST 	Orders entered on Monday before 2:00 PM CST will ship from factory by the end of the day Tuesday

14	6%		<ul style="list-style-type: none"> Minimum \$100 premium per coil 	
15	5%		<ul style="list-style-type: none"> Minimum \$100 premium per coil 	

Orders entered after 4:00 PM CST (unless superseded by a time above) will be considered as having been received the next business day.

Electrofin, Technicoat, or Heresite coatings add an additional lead time of 5 to 7 business days. Contact your RAE Coils Account Manager for exact lead times.

Special features or exotic materials of construction may affect lead-time (Examples: Turbulators and TXV's on DX coils)

The following days do not count as days of production: the day the order is submitted, Saturdays, Sundays, RAE Coils legal holidays, and the regularly scheduled plant shutdown for Christmas.

Production time does not include transit time. Coils are shipped standard freight by common carrier at the discretion of RAE Coils. Standard ground shipping could take as long as 5 to 6 days.

The failure of RAE Coils to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to: war, strikes, fires, floods, acts of God, governmental restrictions, power failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.

In the event that an order ships later than the Premium Date acknowledged, for reasons other than those in Note 5, the Premium paid will be reduced to the Premium Percentage correlating with the above column labeled "Production Time (in days)." Please note that no changes to the Order can be made once it has been placed to RAE Coils and accepted by our Sales Department.
