

## the warmth of **WOOD**

Our hand-carved and hand-finished solid wood base is made from the Hevea Brasiliensis (rubber tree), which yields one of the strongest woods on earth. The result – rich, lustrous beauty that lasts for years and years.

## the luxury of premium **UPHOLSTERY**

Only five percent of the world's natural, uncorrected cowhides are sufficiently free of imperfections to qualify for use as Human Touch premium leather.

## the strength of **STEEL**

High-tensile strength steel is sandblasted, cleaned and powder-coated with a protective surface ensuring long-term durability and a smooth, quiet glide when reclining.

## the finest **CRAFTSMANSHIP**

Drawing on the heritage of many decades of experience, our precision-engineered chairs are in a class of their own, presenting a quality not found in other zero-gravity recliners.

## SPECIFICATIONS

High Density Memory Foam

## ENHANCE WITH JADE HEAT

Experience the earth's natural elements and the healing arts of the Far East with the **Jade Heat Kit**. Jade stones radiate far-infrared heat up to three inches deep into muscle tissue providing targeted relief to the shoulders and back, and creating healing warmth that can be felt long after you leave the chair.

# PERFECT CHAIR®

## The **STORY** of the Perfect Chair®

At Human Touch®, our vision was to create a chair so extraordinary, it would deserve to be called the Perfect Chair®. By skillfully blending contemporary architecture with old-world craftsmanship, we laid the foundation for the chair's bold yet classic look. We then integrated our **unique zero-gravity technology** to create a complete seating concept that transcends common comfort. Not by coincidence, the Perfect Chair's body-frame ergonomics are inspired by the neutral body posture chaise position developed by NASA to support astronauts during their ascent into orbit.

With the discipline and wisdom that can only come from years of experience, we carefully researched and selected each component to move our vision into action. All materials are polished, matched or finished to obtain the highest level of luster and brilliance. Aesthetically and technically, the Perfect Chair reflects Human Touch's commitment to creating products of superior quality and value. The result is a chair that uniquely and beautifully combines form and function—perfectly.

be your best. feel your best.™

## The PERFECT FIT

Choose **manual** or **power** recline—either way, a perfect recline angle makes you feel weightless.

# THE PERFECT SOLUTION

### CLASSIC MANUAL PLUS

Escaping gravity's adverse effects is as easy as leaning back in the chair. A concept that is simply brilliant and effective.

### OMNI-MOTION CLASSIC

Our most adjustable Perfect Chair ever gives you the power to easily and independently position your recline angle and leg elevation, allowing for infinite comfort positions.

### OMNI-MOTION SILHOUETTE

With its sleek lines, tapered design and slimmer frame, this elegant chair is the perfect choice for those smaller in stature.

## CUSTOMIZE YOUR PERFECT CHAIR

## DEFY GRAVITY®

The **zero-gravity** position cradles your back and elevates your legs above your heart, the position doctors recommend as the healthiest way to sit.

- Relaxes and rejuvenates the spine by naturally decompressing the vertebrae
- Elevates legs above the heart, helping to improve blood flow
- Helps expand lung capacity, allowing for deeper, more relaxed breathing

FULL SUPPORT HEAD PILLOW
