

# Switch Markerboard

by *Claridge*<sup>®</sup>

As spatial design has become more multi-functional, ancillary elements need to be more agile to function in the ever-changing work and learning environment. Switch was designed to meet those needs. Switch dry erase markerboards are designed to be functionally agile; providing writable and tackable surfaces that can be moved and configured for collaborative use.

# Switch Markerboard

## PRODUCT DESIGN NOTES

- The slim trim elements give the board a minimalistic quality that is sure to fit well in a wide variety of environments
- Switch Boards are designed to be functionally agile; providing writable and tackable surfaces that can be moved and configured for collaborative use
- An integrated marker tray gives a pop of color along the bottom edge of the board
- Available in 8 standard sizes, custom sizes available
