

## Wood Cases for Weight Sets

Troemner's Wood Weight Set Cases are manufactured from oak. They hold weight sets where the largest weight is 1 kg or above. Inside the wood case there is a compartment holding a polycarbonate case containing weights 500 g and below. 1 kg and 2 kg weights are held in their individual polycarbonate weight cases inside the felt-lined compartment. For weights 5 kg, 10 kg, and 20 kg, a felt-lined compartment for each weight exists within the wood case (50 kg weights are not supplied in a case, however, a case can be purchased separately).
